

Product Description

Single layer, carbon auto window film with ideal thickness and different tone options. ORACAL® CA Window Films are produced with advanced technology. The color does not fade and the films are non-reflective. Heat blocking performance of this product is higher than standard window films. ORACAL® CA provides ease of application when right methods and equipment are used. The automotive window films have the ORACAL® logo imprinted on the film surface which can be wiped easily with isopropyl alcohol.

Release Paper

Silicone-coated transparent polyester on one side (silicone: 0,25g / m²)

Adhesive

Acrylic copolymer, repositionable, transparent
